INDICATOR LIGHT

If 2 or 3 of the Indicator Lights are on while powering up, it is necessary to reset the unit by pressing the switch "ON" for 6 seconds, then quickly pressing the switch to "OFF" back to "ON" again.

RED: Fast Charging for 2 hours. When Charging, indicator displays 20%-80% of battery capacity.

GREEN: Trickle Charging. When Charging, indicator displays 80%-100% of battery capacity.

RED and GREEN: Lights flash for 5 minutes indicating the unit is at 80% battery capacity.

YELLOW: Discharge is below 20%.

SWITCH DESCRIPTION

- Press the switch "ON" once, the EXIT sign and indicator light will flash once, with an ON/OFF interval of 10 seconds.
- While the main electricity is disconnected, long press and hold the switch for 3 to 5 seconds to turn off the product. If the EXIT sign needs to be turned on again, it will be activated through the main electricity.
- The product will automatically self-inspect for any issues every 30 to 31 days. The EXIT sign and indicator light will flash a couple times and turn off if everything is in order.
